NUMBER 161

Not Moving Day For City:

Big Circus Here Is Answer

The single chains and the steady shod hoofs on the pavements, the hub of heavy wagons and the ring of growling brakes did not indicate as it seemed to the "stay-at" this morning that it was moving day for half the city.

Ask any of the hundreds of boys and girls ranging in age from 6 to 60 who were at N. Y. C. railroad tracks about six o'clock this morning when the big circus pulled into town. They will tell you that the arrival of the circus is the most exciting event of the year in Clearfield, and its head of the "Big Top" Avenue show grounds, and it today is the red letter day of the year.

Of course it is a red letter day. The latest rain or shine the lure of the sunset has an appeal for young and old alike, and will have us suppose that time is immaterial. There is something about a circus parade that gets an awful thrill. Ripley says: The circus the real the throbs of drums, And the blare of horns as the band wags on; The clash and clang of the cymbals that be As the glittering pageant winds down the highway.

In the circus pale there is glory clean down From the first spotted horse to the mule of the team. With the gleam of the stars and the glamour and are Of the day of excitement all shimmering things.

And there are thousands of silvery bells.

Carousing the bands with their fringes of gold And their blare of horns, And the blare of horns, And the blare of horns, And the blare of horns.

Umbrellas of known hues bobbed up and down about the sidewalks all morning until the rain quit, or until it learned that the parade was a certainty and then the mass of the umbrellas moved out to the circus grounds, where that performance was given about 2 in the afternoon.

As for weather additions. Well they might have been worse, but with the advent of evening they improved a bit from the afternoon. But the optimistic lot of the town, slip back two years in the evening when they made the same journey to the old circus grounds to see the show.

And in looking back, a vision of much worse conditions. One that evening the wind did all day in the pouring rain and the night performance it had come so thoroughly soaked that it could no longer ward out the water. Yes, it could have been worse for a tent were they inside today.

The afternoon audience was large. It was an all-time program. Troops from lands far and wide, and delighted, there was plenty of comedy from the army of clowns. The John Rouse circus, now 100 years old, is truly an old fashioned circus, such as everyone loves to see, but it has added all the new and new features which are in Peter Pan Animal Land, a gorgeous spectacle of direct from the heart of Scotland, and bringing in the most famous of the world's greatest singers. Peter Taylor, a Canadian war veteran is the outstanding performer, who at one time hit a steel arena with lions and tigers. But every act was worth-while and good. Tonight the program was repeated and undoubtedly thousands of people will laugh and be thrilled for which circus day will be only memory.

Mr. and Mrs. Edwin Stegall, Miss Verna, Erie, Miss Harold Bowman motored home in Clearfield, Ohio, to spend a couple of weeks with their parents Mr. and Mrs. Stacy Bowman of Bloomington.

COMMANDER OWSLEY PLEADS FOR UNION

Cincinnati, July 9.—Declaring that there is no room for intolerance in the United States, Alvin Owsley, national commander of the American Legion, made a strong plea for American unity, regardless of nationality or religious beliefs in an address delivered recently at the cornerstones laying of the St. Vincent de Paul church in Cincinnati, of which Father William P. O'Connor, legion national chaplain is pastor.

"America is calling today as she has never called before for strong men and women to stand and preach the doctrine of America," Commander Owsley said. "There is no room in America for intolerance, no thought that should divide us, for we are living under the supreme law of United States, the constitution which gives the right to worship God according to the dictates of our conscience."

Owsley assailed radical tendencies prevailing in the nation in recent years and urged deportation of all persons who would seek to tear down the country's flag.

GOVERNOR SO BUSY VISITORS BARRED

Harrisburg, July 9.—Governor Pinchot today said that, because of the great amount of work confronting him in the reorganization of the state government, he will be unable to see visitors except on Monday, Tuesday and Wednesday morning for a number of weeks to come. The rest of the time will be reserved for unavoidable work, he explained.

Dr. Ellen C. Potter, secretary of the Pennsylvania State Association of the Deaf, and Dr. Clyde L. King, secretary of the Pennsylvania State Association of the Blind, were in conference with the Governor today regarding appropriations for hospitals, homes and other charitable institutions. A number of general bills remain for action by the Governor as well as the several hundred charitable institutional bills.

The Governor said today he expects to effect the reorganization of the commission to make the giant power survey this week. The commission was provided for by an act of the recent legislature for the purpose of making a general survey of power development possibilities in the state.

LT. MAUGHAN FAILS TO REACH HIS GOAL

St. Joseph, Mo., July 9.—Lieutenant E. L. Maughan, attempting a coast-to-coast daylight flight, was forced down at 12:08 p. m. (Central time), 10 miles northeast of here today when the engine "went dead." The aviator was uninjured, but his plane was so badly damaged that Maughan said he would be unable to continue his flight. Maughan said he would make another start from New York in a week or 10 days.

The aviator covered approximately 1,190 miles of his proposed 2,640-mile flight. Although Lieutenant Maughan was forced to land on a farm at 12:08 p. m., it was more than an hour before his mechanics at Rosecrans Municipal Field learned of his trouble and hurried to his assistance in motor cars. Motor trouble which made its appearance when he was within a five-minute spin of the St. Joseph airfield, caused him to light, Maughan said. The motor had been running in fine order when he saw St. Joseph in the distance. About the time he could the municipal field the engine went wrong and he was forced to pick a pasture to alight. In striking the ground the landing gear was crushed making further flight impossible.

BROKER EXPELLED FROM EXCHANGE

New York, July 10.—Harvey A. Willis of Willis & Company, No. 32 Broadway, has been expelled from the Consolidated Stock Exchange, it was announced today.

LATE FOREST FIRE ON MOSQUITO CREEK

State Forester W. F. Dague was notified last evening of a serious forest fire which broke out yesterday in the Mosquito Creek county, and, despite the lateness of the season was causing a lot of destruction.

This is the first time a forest fire has occurred in July in Clearfield county in the history of the Forestry Department. This is due to the drought as the woods, despite the fact that the trees are in full leaf are as dry and tinderlike as is generally the case early in May.

A fire out near the Kennedy Park game reserve a week or ten days ago burned over more than an acre of ground before being headed off by Forester Dague and his crew. This fire was caused by a cigarette, the burned butt being found where it had been thrown by a smoker, the trail of fire leading from this butt.

Forester Dague and several men went to Mosquito Creek last evening to fight the fire.

"OMAE, THE TENTMAKER" WEDNESDAY AND THURSDAY

The attraction which Manager Driggs has coming to the Driggs theatre for a two-day showing starting tomorrow is one of the best turns that has been shown on the silver-sheet of this popular theatre for a long time.

Guy Bates Post (you remember him in his wonderful characterization of two men in "The Masquerader") is the star in "Omae the Tentmaker" and from a histrionic standpoint outtrivals anything of the nature that has ever been filmed.

The realistic scenes of desert life, the romance, woven thru the picture, the superb acting of Post make it a picture that will remain in your memory for a long time.

LEGION BAND NOTICE

The rehearsal for tonight is postponed until Thursday night. Be sure to be there as business of importance is to be transacted.

SOME MEN BY THEIR OWN EFFORTS ACCOMPLISHED MUCH; OTHERS HAVE GREAT THINGS THRUST UPON THEM

Some men achieve greatness by forging to the front and accomplishing or acquiring much themselves, while others have a lot of things thrust upon them. Dominick Natale, a resident of DuBois until July 12th, but not later by judicial decree, is one of the latter fortunate or unfortunate mortals.

Some time ago Mrs. Mary Serian and her husband were found moonshining and bootlegging to the trade in DuBois and when their place was raided friend husband managed to escape and kept on running or swimming until he got to Italy, where he could go no farther on foot and cashed in his check for money. Mrs. Serian, who was accompanied by six children running on steps from 12 years down and being unable to escape, was stranded over to court.

The woman entered a plea of guilty and was sentenced to pay \$100 fine and serve 60 days in jail with the proviso that if she got out of Clearfield county and stayed out the jail sentence would be credited to her account, otherwise she would have to serve her time. She left the county forthwith, but a couple of weeks ago, accompanied by Dominick and her flock, the woman returned to the DuBois section. An Argus-eyed minion of the law sought the woman out and again haled her before Judge Bell, who promptly sent her "down the river" while Dominick trailed back to DuBois with the woman's brood in single file in his wake.

That was more than two weeks ago. Monday Dominick and the six "kids" came to Clearfield and marched into court to confront Judge Bell on the bench. Dominick said he was unable to look after the children without their mother's help and asked that she be released.

Judge Bell and District Attorney Arnold quizzed Dominick about his relations with the woman. He claimed to have married her but the court was a little dubious about that statement and demanded to see the papers confirming the marriage story. Dominick was unable to produce, whereupon the Judge informed him that he

HUSBAND KILLING IS GETTING TO BE DANGEROUS STUNT

New York and Chicago Women Sentenced to Death for the Slaying of Their Mates.

FIRST IN CHICAGO

Two women facing death by legal execution today, one, stoical, indifferent, joking with relatives, the other kept in ignorance of her fate.

Mrs. Anna Buzzi, sentenced in New York to the electric chair for the murder of Frederick Schenkler, her common-law husband, paces her cell in Auburn prison indifferent to the judge's sentence. Her attorneys will file an appeal and then attempt to have Governor Smith commute the death sentence.

In her cell in Chicago, found guilty of the murder of her former husband, Mrs. Sabila Nitti Crudele was doomed to the hangman's noose without being aware of her fate. She screams hysterically at times and jail attendants fear she will collapse if told the truth.

Chicago, July 10.—Mrs. Sabila Nitti Crudele, the first white woman to be sentenced to death in Chicago, collapsed today when informed of the sentence. Mrs. Nitti Crudele and her husband, Frank, were found guilty yesterday of the "hammer murder" of the woman's first husband and both were sentenced to hang.

The woman, an Italian, heard the verdict read without understanding it. Authorities said she would collapse if told of the verdict and she was placed back in her cell to speculate on her fate. Mrs. Nitti Crudele became hysterical and fell to the floor when Eugene Mason, her attorney, informed her through interpreters of the verdict. She was carried semiconscious to the Cook county hospital.

MORRISDALE SCHOOL LETTING POSTPONED

The School Board of Morris town ship, Clearfield county met Friday evening, July 6, to open bids for the construction of the proposed 10 room school building. There was some disappointment at the fact that only 2 bids were received on the general construction, some bidders claiming that they had not time enough. Under the circumstances the Board felt that the best interest of the district would be served by rejecting all bids and directing the Architect A. W. Rudolph of Altoona, to ask for more bids to be submitted no later than 6:00 p. m. July 20th. Advertisement for this appears elsewhere in this issue.

FRENCH GIRL KILLS TITLED HUSBAND

London, July 10.—Heavily bejeweled, dressed in the height of Paris fashion, a green mushroom shaped hat shading fascinating violet eyes in which there were tears, Princess Marie Marguerite Fahmy, a French girl was formally charged at Bow Street today with murdering her husband, an Egyptian nobleman.

The Princess, Aly Kamel Fahmy Bey prominent in London society was found clad in night attire on the floor of his bedroom in a suite at the Savoy Hotel early today. Blood was pouring from half a dozen revolver wounds. He died in Charing Cross Hospital.

Shortly after discovery of the body Scotland Yard detectives took into custody the attractive French bride, which Aly had brought with him to London. Also in the room were a secretary and a maid who were questioned.

OPERATORS AGREE TO TWO DEMANDS OF HARD COAL MEN

The Sub-Committees at Atlantic City Getting Together on Remaining 9 Points at Issue.

DECIDE IN 30 DAYS

Atlantic City, N. J., July 10.—The bi-partisan sub-committee, composed of four representatives of the anthracite coal miners and four operators resumed negotiations here today, following adjournment of the joint wage scale conference.

The operators have ceded two of the 11 demands of the miners and assured open-mindedness on the other nine. One was the abolition of the 12-hour day, which involves 3,000 miners and willingness that the Anthracite Board of Conciliation make a decision within 30 days. The bi-partisan sub-committee will negotiate the remaining issues.

TOWN BOOSTER CLUB BOOSTS WOODLAND

The Woodland Booster or Commercial Club held its regular meeting at the Woodland Hotel last evening, 20 of 22 members of the club being present to enjoy the appetizing dinner.

Much business of interest and importance to Woodland was discussed and disposed of and an address of real pep and good advice was delivered by Randall Brubaker secretary of the Clearfield Commercial Club, the club guest.

A committee was appointed to look into the matter of applying street lights along the state road through the town. This committee will report at the next meeting of the club.

MORRISDALE SCHOOL LETTING POSTPONED

KARTHAUS TYPHOID EPIDEMIC WANING CLAIM OF DOCTORS

Eighteen Patients Are Down with Disease but All Are Reported to be Convalescing.

ONE DEATH SO FAR

The typhoid fever epidemic which struck the little town of Karthaus is now in charge of the state authorities, who have three nurses from Altoona on the ground to look after the 18 patients who are down with the disease.

Miss Withrow, local Red Cross nurse, who went to Karthaus on receipt of news of the outbreak, and who had been constantly on the job for the past couple of weeks, was able to relinquish her exacting duties and come home when the Altoona nurses arrived a couple of days ago.

The source of the disease, we are told by a Karthaus citizen today, was found to be in the well of a family several members of which were down with the disease and which family had been supplying milk to the community.

One death has resulted so far, Mrs. John Reese having passed away, leaving three children alone in the world, their father having been dead for some time. All three children are also down with the fever.

ROBINSON'S SHOW HOST TO HOME KIDS

The kiddies at the Children's Home, out to see everything of interest about the John Robinson circus today, not as the guests of local business men but as the special wards of Sam Dill, the genial and accommodating agent of the show, who, when requested for reservations for the kids and their sponsors, wouldn't take a cent for their admission, but very generously, on behalf of the show set aside sufficient seats to accommodate them.

Mr. Dill said they had the biggest best and cleanest show on the road and one that no parent should fear to take his children to and they would be pleased to accommodate the kiddies from the home. The hearty thanks of "Pop" Wilson and his committee of business men were given Mr. Dill and the show management.

The sponsors for the kiddies and those who saw that they got to the show and home again were "Pop" Wilson, J. L. McMillin, of the Market Street Auto Sales Co., Horace Fiegely, Robert Derrick, of Derrick Bros., Manager McGarvey of The Dimeling and Dr. J. Paul Frantz.

BRITAIN WILL ACT FOR HERSELF ALONE ON REPARATIONS

London, July 10.—Independence of action in settling the reparations question has been decided upon by the British cabinet and Premier Stanley Baldwin will announce this in the House of Commons, it was learned today.

This means that the present dubious ties binding Britain to joint action with France and Belgium in collecting Germany's war obligations are to be definitely severed. Disappointing of her allies determination to push on in the occupied areas, this country will adopt means of its own for negotiation with the Cuno Government, if France and Belgium persists in coercive measures.

FAKE OIL STOCK SALESMEN HELD

Cleveland, Ohio, July 10.—Twenty-six oil promoters of Fort Worth, Tex., were indicted by the federal grand jury in session here today for using the mail to defraud Ohio investors heading the list of defendants in Dr. Frederick Cook, Arctic explorer. With him were indicted 23 other persons who helped to promote the petroleum producers of Fort Worth.

ELOPERS IN UPSET WHILE HURRYING AWAY TO GET TIED UP

New Florence Girl and Blairsville Man Are Married in Hospital at Punxsy After Wreck.

BRIDE BADLY HURT

Punxsy, Pa., July 9.—When a man marries his troubles begin, says the old song, but John Kinnear, Blairsville, Indiana, county, says man, can go the "old saw" any day because he and his wife, bride-to-be, Miss Elizabeth Crossland, of New Florence, Pa., ran into a pack of trouble while fleeing from hard-hearted parents intent on having the ceremony performed which was destined to cause their two hearts to beat as one and in step to the marital man and requirements.

The Indiana county young Lumberman up-to-date, in his Studebaker car, realizing that the early bird generally catches the worm, had himself to the home of his loved one bright and early Monday morning and, eluding the watchful eye of a fond mother and the No. 9 boot of an irate papa, got his willing bride-to-be into his car and stepping on the gas set out on that long, long trail swimming which landed them both in the Punxsy hospital, where a kindly summoned and obliging justice of the peace operated to make their wed, after a surgeon had released them following a serious accident which told them while spending alone.

Highly oblivious to everything and everybody in the world but their two selves. One of those little troubles which come along with matrimony, the matrimonial highway suddenly appeared in the shape of a Henry Ford and Miss Crossland is in the Punxsy hospital with broken hip and a bad cut over the left eye, received when Kinnear, attempting to pass the Ford, driven by Earl Peffer, on a curve on the Indiana hill, crashed into a Durant driven by Arthur Sundstrom, of Horatio, about 8 o'clock this morning. The condition of the girl is serious but not critical.

The Kinnear car, containing Mrs. William Isenberg, of near Marchand, Miss Elizabeth Crossland, of New Florence, with Kinnear driving, was coming down the Indiana hill at a rate of speed estimated by the driver to be about 25 miles an hour. Earl Peffer, of near Valier, driving a Ford, was ahead of him driving slowly. Mr. Kinnear wanted to pass and started to pull ahead of the Peffer car. Just as he got abreast of the Ford the Peffer car came up the hill and the front left wheel of each car crashed into The Studebaker apart, sending Miss Crossland beneath the body of the machine and throwing the other car into the road. Neither of them was hurt. The Durant was forced through the fence on the right hand side of the road going up. The driver, Arthur Sundstrom, alone in the car, escaped injury.

Both cars were badly damaged, the front wheels, fenders and head ends being badly dented.

Following the accident Mr. Kinnear and Miss Crossland were united in a marriage in the morning by Justice C. C. Rowan. The fact that the young couple were running away to get married was withheld upon request this morning. They were enroute to Erieville to have the ceremony performed but the accident spoiled their program.

Dock Workers May Make Trouble Again

London, July 10.—The strike of dock workers at the most important English ports, which has been in progress for some weeks, has now believed near its end, spread menacingly today.

Reports from Manchester state that 5,400 workers walked out and that 50 vessels are delayed because of the strike. Members of the strikers committee have declared that 100,000 men in all the larger ports, including Liverpool and South Hampton are affected.

ODDS AND ENDS AND THINGS

By J. D. C.

Just think of it. There is left in Government bonded warehouses under Uncle Sam's watchful eye 136,000,000 gallons of whiskey. Kentucky possesses 80,000,000 gallons of this total.

James Martin Miller, newspaper man and author, addressed the School of Journalism of the University of Michigan the other day and gave some interesting statistics in regard to newspapers.

There are some readers who enjoy once in a while a bunch of statistics. There is always something fascinating about facts if they are not too dry and if there are not too many of them.

Among the facts, as stated by Mr. Miller, one is that there are about as many daily, weekly and monthly newspapers and periodicals in the United States as in all the other countries in the world.

The United States, however, has only about one-sixteenth of the population of the world. There are 23,040 such publications.

There are more evening dailies (1,377) than morning papers (578). The total circulation of evening newspapers is 20,000,000, of morning papers 18,000,000 per day in round numbers.

Of Sunday newspapers there are 19,000,000 each Sunday.

Fifteen hundred newspapers and periodicals are printed in about fifty-four languages, including Arabic and Yiddish.

Further foreign language statistics are these: Seventy-six newspapers published in Polish, seven in Russian, one hundred and fifty in Rumanian, forty-three in Yiddish, seventeen in Chinese, twenty-eight in Japanese.

Some of our big cities have as many dailies printed in foreign languages as they have newspapers published in English. A few large cities have more. This condition is peculiar to the United States. It is approximately true that there is no foreign language daily in the Kingdom of Great Britain or in the Continental countries of Europe or in Australia or New Zealand. This is not true of Canada.

It has been held that, where there is no reading class there is no such thing as public opinion. To a certain extent this must be true. While reading of newspapers are sometimes accused of taking their opinions second hand, it is certain that those who cannot or do not read the paper have ideas that are vastly more second hand.

The newspaper is easily the most considerable agency in forming the public mind. More people read it than read any other kind of literature.

The newspaper is automatically forced to be democratic, because no newspaper can keep on a paying basis very long without proper circulation.

A trade paper or any publication that appeals to one peculiar class may continue to thrive without a long partance, but the interest of all classes, high and low, rich and poor, is absolutely essential to a newspaper.

And as there are always so many more poor than there are rich, the general tendency of newspapers is to champion the cause of the common people. That it may do this mistakenly is admitted, but it usually does it the best it knows how, and does it consistently. It is all the more sure to do this because it is not so much a matter that depends on high moral principle as it is a matter of keeping alive.

The last word is always said by the masses. And for this reason the newspapers which, above all other

HEARD ALONG THE BANKS OF THE MOSHANNON

Miss Helen Hoover of Morrisdale and Paul Malloy, of Hawk Run, were united in holy wedlock at 7:30 o'clock, Monday morning at St. Agnes Catholic church, Morrisdale. Rev. Father E. J. Fischer, the rector, in charge. Only the immediate relatives and friends were in attendance. The bride, attired in a lovely dress of white tulle and lace, with hat to match, was attended by Miss Anna Malloy, sister of the groom, while Harvey Hoover, brother of the bride acted as best man. Following the happy nuptial event the wedding party proceeded to the home of the bride's parents and to the home of the groom's parents. Mr. and Mrs. John Hoover, a short distance from Morrisdale, where the wedding breakfast was served. Prior to the departure of the couple on a wedding trip on the afternoon train a bountiful repast was served the couple with about thirty invited guests. Miss Hoover for some time had been employed in Clearfield and Bigler and is well known throughout both places as well as in her home town. For a time the groom followed his trade as electrician in Altoona where the couple will make their future home. Mr. Malloy is a son of Mrs. Catherine and the late John Malloy. Both are highly respected young people in their respective communities.

Fire, thought to have been caused by spontaneous combustion totally destroyed the big barn of the Joseph Carroll family near the N. Y. C. station, Morrisdale, Monday afternoon. A cow and four hogs perished, and a wagon, grain, hay, and other things usually found in a good sized stable were destroyed. A new Durant car, only recently purchased by the Carroll family, also went up in flames.

Mrs. L. Luberoff, of Philadelphia, a former resident of Phillipsburg and who was visiting home folks here, was summoned to the Quaker City, due to the death of her father-in-law S. Luberoff, which occurred Sunday. Mrs. Luberoff was formerly Miss Bertha Adelman.

Miss Dorothy May Snyder of Point Lookout, near Phillipsburg, and Harvey Sawtell, of Phillipsburg, were wedded at Clearfield on Saturday by Squire F. G. Charpenning. On Sunday they departed on an eastern trip and at the conclusion of the same will take up their residence at Pittsburgh. They were attended at the wedding by the bride's mother, Mrs. Fannie Spicer, who on Saturday afternoon served a sumptuous dinner in their honor. Both are well known in this section.

Fifty-three Boy Scouts of the many troops in Phillipsburg left Monday morning for Camp Phillips, near Shawville, below Clearfield, where they will enjoy a couple of weeks of life in the wilds. Scout Executive A. Norris Greenfield is in charge.

Robert P. Armstrong arrived home yesterday from Williamsport, where he spent the Fourth with friends.

agencies, reach the masses are the chief essential to democracy.

The final success of a newspaper relies in its printing of the news, because this is what the people want. To have a reputation for a full presentation of the news is better for a newspaper than to have strong opinions.

People want to know what is going on much more than they want to be propagandized.

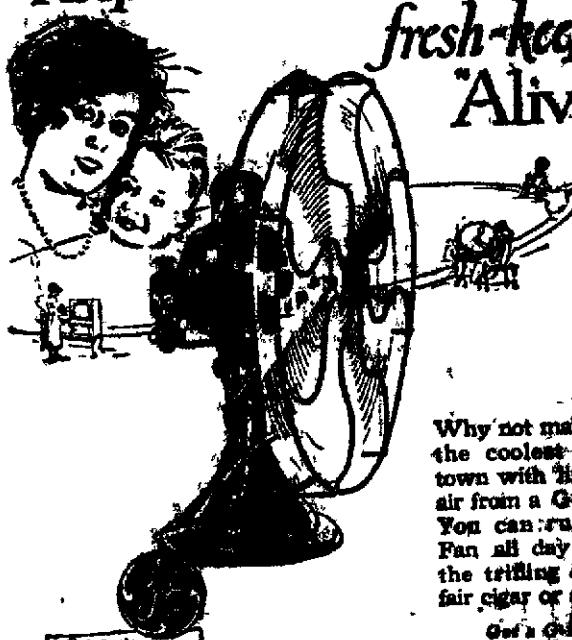

TWILIGHT LEAGUE SEASON TO OPEN

The Twilight League baseball season will open Thursday evening with a game between Reedsdale and Hilldale on the Reedsdale diamond.

Manager Teats has everything in shape for a real opening ceremony and looks forward to a most satisfactory season.

Thought for the Day.
If some people cannot get what they want they make it most uncomfortable for the person who does get it.

LEWISTOWN, PA. CLEARFIELD, PA.

Save the Sahara Reclaimed.
Some day the world will get out of the Sahara all the good it has to offer. Among the desert sands near Biskra, last year, the French laid over eight hundred wells giving life and fruitage to 1,500,000 date palms. There is a chance for immense development of the date industry all along the northern edge of the desert south of Morocco, Algeria and Tunisia. Frank R. Cana, a conservative and authoritative writer, says that in time probably a tenth of the Sahara will be reclaimed for human usefulness.

ITALIAN BAND CONCERT

The Clearfield Italian Citizens Band will give a concert at the Court House corner on Thursday evening next. Program for same will appear later.

Feeding of Baby Birds.
According to E. W. McCrae, a young farmer-naturalist of Lake Johnson, Saskatchewan, Canada, birds in the nesting season feed their young 270 times, daily, involving approximately 400 insects.

EX-SERVICE MAN IS FINALLY LOCATED

Punxsutawney, July 9.—A mysterious disappearance, one that is baffling the police officers of this vicinity took place Sunday morning when Paul Bartholomew, who resides at Bowersville, known as the Winslow settlement, disappeared without leaving any traces as to his whereabouts. Mr. Bartholomew, who is an ex-service man, is married and is well known in that section.

At 7 o'clock Saturday evening he left his home to milk and at a late hour last evening no word had been learned of his whereabouts. His wife and others are deeply concerned over his sudden disappearance and inasmuch as he was dressed only in his working clothes and was near the main roads, his untimely disappearance cannot be explained.

Punxsutawney, July 1.—The rather baffling disappearance of Paul Bartholomew, a well known resident of Bowersville, was cleared up last evening when at 8:30 o'clock he was found sitting on the porch of Fred Kelley, near Winslow, in a demented condition. The man was in a serious condition as a result of his wandering in the woods and it was doubtful last evening as to whether or not he would recover.

Mr. Bartholomew left early Sunday morning to milk, and from that time until last evening no definite word had been learned as to his whereabouts. At the time of his disappearance he was dressed only in his working clothes.

Hundreds of searchers spent the past two days beating about the country side endeavoring to find some trace of the man, but without result. Several parties reported earlier in the day that they had seen a man wandering about in the woods, apparently in a dazed condition, but that he had run away each time they called to him. It was not until last evening that he was finally located at the home of his father-in-law, a man by the name of Kelley, residing about a mile from Winslow. The distance from the Kelley home to the Bartholomew home is one and a half miles.

When found, the man was sitting on the porch in a demented condition, and was unable to give any account of his disappearance.

He was taken into the house and medical assistance summoned at once. It was found on examination that his glass eye had been broken, causing several pieces of broken glass to pierce inwardly. Recovering from the blow of some forceful impact, it is believed that the man's mind was affected to such an extent that he lost complete control of his faculties.

It is stated that he has suffered from a weak heart for some time, so that slight hopes are entertained for his recovery.

SEARCH FOR LT. NULL CONTINUES TODAY

Port Stanley, Ont., July 10.—Search for Lieutenant Null, missing from the ill-fated naval balloon, was continued today following sighting of the body of Lieutenant Roth 14 miles off Port Stanley in Lake Erie yesterday.

Airplanes and all manner of water craft took up the search with the hope of finding the missing airman still alive. As long as Lieutenant Null is missing there is a chance that he may be alive.

FIND ANOTHER BODY AT M'KEESPORT FIRE

McKeesport, Pa., July 10.—Lying on a bed, which, it is supposed, fell from an upper floor of the collapsing Schmidt hotel, destroyed by fire last Thursday morning, the charred body of a man was found deep in the debris of the basement of the building today. The finding of this body brings the total of deaths due to the fire up to five.

DEMOCRATIC STORM BREWING

Elections for Democratic National Delegates and Democratic State Committeemen next April will be another series in the apparently endless struggle for control of the Pennsylvania Democracy because the plans of the Guffey-Sterling group to take control of the State organization back into their own hands after the disastrous experiment with John A. McSparran will be bucked by the Palmer-McCormick element in an effort to stage a come-back.

In other words it looks as though the Keystone State Democracy was in for one of its quadrennial fights. It is just a dozen years since Palmer and his pals got control of the machine which lasted until the San Francisco convention turned down Palmer and he and Guffey fell out. The inside story of what caused the row between these two Democratic sachems should make interesting reading some day. It has been marked by a bitterness as intense as the friendship used to be close. And it will figure in all probability in the battle of 1924.

The Guffey-Sterling group has been busy all over the state and is said to have considerable strength in Philadelphia and in the coal regions. It is also said to control a majority of the State Committee and a re-organization such as marked 1911 may occur if there is any misuse of the state headquarters. Palmer and McCormick are said to be banking on the old Wilson support and will use the McAdoo candidacy as the vehicle to get back into power.—Altoona Tribune.

THURSDAY FIRST DAY TO CIRCULATE PETITIONS

The first day for circulating nominating petitions for Pennsylvania's primary election is Thursday, July 12th. Under the law these nominating petitions for all the offices to be filled are provided by the County Commissioners of each county and the Commissioners are not allowed to give out any such blank petitions before July 12th, nor can any signature be legally placed upon a nominating petition before that date.

One hundred names are required to place the name of any candidate upon the ballot for county office, while but ten names are required for a borough or township office. The signers must be qualified electors of the party to which the candidate belongs or owes allegiance.

The signing of a nominating petition is merely a matter of form and places no obligation upon the signer to vote for the candidate whose petition he may have signed.

It has been the custom with some county candidates in the past to circulate several petitions and by this means get many more than the one hundred names required before the name of the candidate could be placed upon the ballot. This is love's labor lost, and has no bearing on the matter whatever, as these petitions are filed away in the office of the County Commissioner and never come into public view, unless, perchance, some interested party wishes to look them over and goes to the Commissioner's office and requests to see them.

There is a President Judge, County Controller, three County Commissioners, Register and Recorder and Prothonotary to nominate and elect in Clearfield County this year.

SAVE MILES OF STEPS

by paying your bills by check. You'll never be in doubt then regarding the amounts or the purpose of any payment, for the stubs of your check book will be an accurate record of every transaction. Furthermore, the canceled checks will give you a positive receipt for every disbursement, because each check must be endorsed on the back before we pay out the money. You'll find a checking account with this bank a great convenience.

CLEARFIELD TRUST CO.

BARNYARD GOLFERS BUSY LAST NIGHT

The two horseshoe games pitched last night on the 1st End court at Daisy and 12th streets were as well attended and as well worth it as any this season. The boys, Stiffler of East End and Johnson of Grapian, led off with the following scores:

	Points	Fingers	Doubles
Stiffler	21	6	2
Johnson	2	2	
Stiffler	15½	7	0
Johnson	21	4	2
Stiffler	17	1	2
Johnson	21	5	0

Boyd Smith and Lloyd Johnson then opened up the last three games of their series. Mr. Johnson being in excellent form and Mr. Smith not so good, as the following score indicates:

	Points	Fingers	Doubles
Johnson	50	15	3
Smith	22	7	1
Johnson	50	8	
Smith	19	8	1
Johnson	50	12	5
Smith	23	5	0

Tonight, Tuesday, at the same hour and place, the West Side represented by Withrow and Hixon are expected to pitch their same opponents of Friday, Condit and Pender of East End. Five more men of the 150 spectators were signed up for the doubles league of the local club. First and Second wards had better get into the game and see if they cannot draw some of the crowd.

Playground horseshoes are coming in for their share of attention for some of the future champions are certainly being lined up. Of the two games scheduled yesterday only two came off. The Witmer Park pair, betting a tournament score of 2-0 for non-appearance. Redsville was ready for them and if they wish to play it for credit out of schedule the date may be made. Lee Confer and Edwin Flegel of East End out-pitched Henderson.

Broadbeck and Norman Fekley of West Side with the following score:

East End	21	21	15	20	21
West Side	5	19	21	2	18

HAD HIS HAND BURNED

George Vincent, a 12-year old lad who makes his home with his grand mother, Mrs. Sarah A. Day on West Side, lighted a firecracker he found in the Park last evening and had ends of the hinges of one hand partially burned from the explosion. Dr. Pipe was called and attended to the injury.

Sense of Humor

A sense of humor is a very fine thing. It hits one over the rough places as it were, with a teap and a bound, and lands one in safety on the farther bank of the swollen and threatening stream. You keep young if you possess it, the while in your eye is a sign that old age is far from you yet, whatever your years may be. All the same, a sense of humor is a gift which must be displayed with discretion. The trouble is that with most of us it stops working when we need it most—that is when things go wrong with our own affairs. The man who can smile when things go wrong is a happy one indeed.

GOVERNOR PINCHOT IS BEING CENSURED

Harrisburg, July 10.—Another crisis in the administration confronts Governor Pinchot today. The forced retirement of James Sanders, for a number of years director of the Bureau of Plant Industry in the State Department of Agriculture has precipitated a storm of protest around the Governor's head.

Many friends of the Governor have protested against Sanders' dismissal which came without a chance of a hearing.

Sanders, however, was to have his session with the Governor today. They are old friends, Sanders and he having been in Washington together during the Roosevelt administration.

Progress Editorial For Women

A NEW POPULARITY CONTEST
By FLORENCE DAVIES

Have you decided upon the ten most popular girls in the United States?

You won't need a voting contest or a popularity prize. It won't take as long to pick them out as the National League of Women Voters spent in trying to decide the twelve most famous American women.

You may not even know their names, but you won't question the vote.

Without any doubt, the ten most popular girls in the United States are ten young women who arrived from Germany the other day looking for jobs in general housework at \$40 a month, one evening a week off, no objection to washing, ironing or children, guaranteed never to break more than two dishes a year, all good looks and faith on dirt.

Such, at least, was the report that went out when these ten young women landed on this side of the Atlantic looking for jobs.

Now any one who has any doubt as to the ten most popular girls in this country may raise the right hand.

And behold there isn't a hand in sight. That's an odd commentary, by the way, on present day life. In this day of many labor-saving devices how can we explain why every day housework should have become so great a burden to the modern woman?

One wonders what our grandmothers would have thought of a

state of affairs which finds the landing of ten girls willing to do housework, worthy of a half column article in many of the leading papers of the country.

Many of our grandmothers carried water from the pump, cooked with wood or coal stoves, and even though they had paid helpers, took twenty steps in the household to our one.

And yet the modern woman finds work too arduous if it is done in the pursuit of some profession.

She is willing to boil and bake and stew, for that is about what it amounts to, in a laboratory; to sit all day at a desk adding columns of figures, to tell the fat lady that the dress with the stripes running round isn't becoming; but the work of her own household has become a bugbear.

Isn't it possible that we aren't thinking just straight in this matter?

Washing dishes isn't really so much harder than handling dusty files in a dusty library. But we seem to have developed a kind of phobia, a deep-seated fear, of straight physical work.

When the arrival of ten girls ready to do housework could cause such exclamations of joy in the public press, doesn't it seem as if we women have been showing just a little weakness in manning our own ships? Ought we not to be just a little ashamed that housework made easy by modern methods should frighten us quite so badly.

COURT NOTES

Frank Carless, the Atlantic moon-kine, who was granted a parole yesterday by Judge Bell, must remain in jail until July 19th, as but half of his eight months sentence was lapped off.

Application was made by Attorney Gleason, for a parole for Joe Vittarella, the Sandy township man who drew down a \$200 fine and four months in jail on his plea of guilty to violating the liquor law. The application for parole made shortly after the sentence was imposed states that Vittarella suffers from chronic rheumatism and sciatic rheumatism and therefore should not be confined to jail. No action has been taken by Judge Bell on the application for parole.

WOMEN OF MIDDLE AGE

Relieved of Nervousness and Distressing Ailments by Lydia E. Pinkham's Vegetable Compound

Brooklyn, N. Y.—"I first took Lydia E. Pinkham's Vegetable Compound ten years ago, and it has given me quiet nerves so that I sleep at night, and a better appetite. I have recommended it already to all my friends and relatives."—Mrs. EUGENIA M. PALMETTO, St. Ridgewood, Brooklyn, N. Y.

For the woman suffering from nervous troubles causing sleeplessness, headache, hysteria, "the blues," Lydia E. Pinkham's Vegetable Compound will find a splendid medicine. For a woman of middle age who is passing through the trials of that period, it is so depended upon to relieve the trouble common at that time.

Remember, the Vegetable Compound has a record of nearly fifty years of service and thousands of women praise its merits, as does Mrs. Engstrom. You should give it a fair trial now.

Political Announcements

The Progress is authorized to announce the following names of candidates for public office subject to the decision of the voters at the Election to be called for September 18th 1923.

FOR PROTHONOTARY

George W. Ralston of Clearfield Borough, subject to the rules of the Republican Party.

Curwensville's Own Column

Curwensville people want to bear in mind that Sunday school Field Day is coming on apace, and that it is going to be one of the greatest and most pleasing events that the town has ever witnessed. A large number of out of town folks will be here, and it is the duty of this community to see to it that all are heartily welcomed. The several committees who have been laboring hard for several months back to make this Field Day in Clearfield county Sunday schools an epoch will be remembered, have concluded all arrangements in their different departments, and they have done well. Do not forget the date, Thursday, July 19th at the Park.

Orrie Brennetti had the misfortune to fall on Sunday and suffer the dislocation of the thumb on the right hand, which is going to give him some sleepless nights for a week or two.

Miss Winters is a guest in the home of Leonard Kephart on McNaul street.

Miss Ruth Graham, one of the efficient clerks at Crescent brick plant, spent Sunday with home folks in Clearfield.

Mrs. F. P. Bloom has been visiting with her daughter Mrs. Russell Underwood in Adams county for several weeks. Saturday Kelly Bloom, accompanied by Mrs. George Sawtelle, left via auto for that section, and will return some day this week, bringing Mrs. Bloom home with them.

Mrs. Charles Sawtelle, whose home is in Pottsville, is a Curwensville visitor this week.

Mrs. Richard Hanson, of DuBois, was a guest of her mother, Mrs. W. D. Gates South Filbert street, several days this week.

Miss Marjorie Murray, who is a student at the Lock Haven Normal came home Saturday for a Sunday visit with her parents, Mr. and Mrs. John Murray, Ridge avenue.

Ground has been broken for the erection of eight double houses on land owned by the Summit tannery.

people on east side of South Filbert street. When the buildings are completed and ready for occupancy, employees of that plant will occupy them.

Mrs. Sarah Ammerman, South street, visited with her two sons Alonzo and Harry Ammerman, at Philipsburg over Sabbath.

James Hoover, a miner employed in the Porter mines below town, had his face and right fore arm severely burned with carbide last Friday. He was taking the stuff from one can to fill another when it caught fire, with the above result.

The Boys Marine band is preparing a concert program which will be rendered on Labor Day.

Mr. and Mrs. Andy Anderson and Miss Mary Cole motored from their South Side homes to Patton Sunday, where the day was spent in the home of Mr. Anderson's parents.

Norman Lippett and sister of Detroit, Mich., are guests in the home of Mr. and Mrs. Isaac Kantat, on North Thompson street.

A Progress reader asked the writer yesterday what holidays and other important events occurred during the month of July. In order to satisfy his curiosity and add to his knowledge we will state that on July 1st, 1863, started the battle of Gettysburg; on the 2d, James A. Garfield was assassinated; the 4th is Independence Day; 12th, Orangemen's Day; 17th, 1864, Sherman's march to the sea; 18th, 1918, American successful counter attack at Chateau-Thierry; 21st, 1861, battle of Bull Run; 27th, 1915, wireless between Japan and the United States; 31st, 1777, Lafayette arrived from France.

The Curwensville-Grampian state highway contractors have started grading roadbed between Bridgeport and the borough line.

Dr. Myoth Hinkhouse of Peking, China, who has been in China at the Downs hospital, a part of the Union Medical College for Women, since 1915, will give an informal talk in the Presbyterian church, Wednesday, July 11th at 7:30 p. m.

Ward I. Miller, genial engineer with the Westinghouse Electrical and Manufacturing Company at Pittsburgh, is spending two weeks vacation with his parents on West Front street.

CLEARFIELD WINS FROM ADRIAN TEAM

The local American Legion team knocked the stuff out of the Adrian team in a long-winded ball game at the Park yesterday afternoon. Scorer Reilly's log book showing Clearfield 13 and Adrian 6 at the end of the hectic session.

The Adrian team were behind the schedule waiting here and never were able to catch up with the procession. The game was scheduled for 3:30 but the visitors failed to arrive here until 4 o'clock, which made the game too late for a lot of the fans and the attendance was not up to standard.

Guy Cowdick did the twirling for the locals and held the visitors to scattered hits, only one of their six runs being earned.

Lansberry led the team with the stick with a triple and two singles, Cowdick also cracked out two singles, while Catcher Shaulis came across with a homer.

A. B. Sterling, assistant supervisor of transfers and schedules of the Westinghouse Electric and Manufacturing company's educational department, is spending some time with his friend, Ward I. Miller at his home on West Front street.

RECRUITING FOR MARINES AT DUBOIS

Sergeant John D. Straw, U. S. Marine Corps, attached to the recruiting station at Pittsburgh, Pa., has established a test station on the federal post office site on North Brady street, DuBois, Pa., as a recruiting station.

The Marine Corps is one of the most attractive branches of the military service, and the Marines go everywhere, see everything, and do everything.

Sgt. Straw is a resident of this city and has been in the Marine Corps since February, 1912.

Sgt. Straw states that he has opening as bandman, and in the aviation, etc.

Any young men of this city and vicinity who desire information concerning the Marines and desire to enlist, are requested to call or write to Sgt. Straw at DuBois, Pa.

FORMER RESIDENT DIES AT PHILIPSBURG

Mrs. Clara A. Stevens, wife of Thomas H. Stevens, died at 8 o'clock Monday morning, July 9th, 1923, at her home in the Burchfield-Kragle apartments on Front street, Philipsburg, the result of paralysis.

The deceased had not been in good health for ten past two years, and about two months ago she suffered a stroke of paralysis. Her condition seemed to show improvement recently but another stroke yesterday morning caused almost instant death.

Mrs. Stevens was formerly Miss Clara A. Kline. She was a daughter of the late Martin and Rachel Kline who resided at Mt. Joy, Pa. Clearfield, where the deceased was born on September 24, 1860, making her age 62 years, 9 months and 15 days. Her marriage to Thomas Stevens took place on March 20, 1880. Prior to coming to Philipsburg two years ago and since her marriage, she resided at Woodland and Bigler.

Mr. Stevens was a member of Trinity M. E. church, Philipsburg and a devoted wife and mother, and a woman of many pleasing graces. Her death will be mourned by many friends.

Besides her husband, she leaves one son and two daughters, viz: Lloyd C.

Tom Sims SAYS---

Report that Dempsey-Gibbons misook their fight for a non-stop dancing contest is untrue.

Shelby has the fight bowl left, but she can't eat out of it.

A summer tourist stopped long enough to tell us our roads should be made wider and shorter.

Married ball players seldom argue with umpires. They have forgotten how to argue.

It's a wise hopplegger that knows his own booze.

Crisp in the cream~

Golden, crisp Post Toasties, with cold rich milk or cream, give zest and snap to the morning, noon or evening meal these hot midsummer days.

Their tasty "toasted" flavor and appetizing crispness are improved—not lost—when cream or milk is added.

Crisp in the package and crisp in the cream, these golden-brown flakes of choice

toasted corn are made to please appetite—and are always ready to eat.

From the first bowlful to the last serving out of the triple-sealed, wax-wrapped package, Post Toasties retain their delicate crispness and distinctive oven-freshness.

The Yellow and Red package is the guide to Post Toasties goodness.

Worth asking for by name—

WHEN GIFT TIME COMES
There are many, many times when the right thing to do is to give some little gift as a reminder of some important occasion. It may be the arrival into this world of a very young person, it may be the marking of the passing years of some mature person, it may be the anniversary of some real event in the lives of someone near and dear to you.
Remember this. You will always find something appropriate here for just such occasions and you will also find that they are priced in a way that makes the gift without financial embarrassment.

Join The White Progressive Club Tomorrow Without Fail
You May Be Too Late--Only A Limited Number of Machines Left To Go Out On This Plan.
YOU--
CAN BE DRESSED IN THE LATEST MODES--AT SMALL COST
MODERN SIMPLIFIED SEWING
This entire page would not be large enough to tell you of the many things that can be accomplished on the White Rotary Sewing Machine. This is particularly true as it is now possible to procure instructions how to make every article in ladies' and children's apparel as well as many household items and some articles for men.
SUITS
Suits can be made that give you the desired tailored look.
The WHITE will trim them with braid, neatly and accurately.
WAISTS
You can have three or four simple waists that you make yourself for the price you would pay for one "ready-made."
DRESSES
House dresses or party gowns from the most ordinary to the sheerest materials can be made on the White Machine.
CHILDREN'S CLOTHES
Children's clothes—little romper suits you can make in a "jiffy." Have the youngster's school dresses made over from good material of the grown-up's wardrobe.
HOME SEWING
For The Younger Generation
Schools in nearly every community are devoting much time and money to their Domestic Science Courses and they are few that do not include a "sewing course." A good machine in a home where a young lady is being reared should not be overlooked. Have the home supplied with what the progressive schools are pleased to term a "necessity" to the finished education of a young lady.
A DIVIDEND SAVING FOR YOU
Rather Than The Usual Interest Bearing Plans
-- 10c --
THINK of securing a dividend saving for anticipated payments, rather than the usual method of paying a higher price because of extended terms and interest besides. The "Progressive Club" pays 10 cents on each final payment paid before due—pay ten final payments and save a dollar (\$1.00)—Let us explain this feature.
NOTE THE VERY EASY PAYMENT SCHEDULE

NUMBER 161

Not Moving Day For City:

Big Circus Here Is Answer

The single chains and the steady can't shod hoofs on the pavements, the jolly of heavy wagons and the ring of growling brakes did not indicate as it seemed to the "stay-at" this morning that it was moving day for half the city.

Ask any of the hundreds of boys and girls ranging in age from 6 to 60 who were at N. Y. C. railroad tracks about six o'clock this morning when the big circus pulled into town. They will tell you that the arrival of the circus was the most exciting event of the season. The circus is here, and it is here to stay. The circus is here, and it is here to stay. The circus is here, and it is here to stay.

Of course it is not a circus day. The circus is here, and it is here to stay. The circus is here, and it is here to stay. The circus is here, and it is here to stay. The circus is here, and it is here to stay. The circus is here, and it is here to stay.

In the circus pale there is glory clean down. From the first spotted horse to the mule of the team. With the gleam of the stars and the glamour and are. Of the day of excitement all shimmering things.

And there are thousands of silvery bells. Carousing the winds with their fringes of gold. And their lighted standards, with their lighted standards, with their lighted standards.

Umbrellas of known hues bobbed up and down about the spectators all morning until the rain quit, or until it learned that the parade was a certainty and then the rain of the umbrellas moved out to the circus grounds, where that performance was given about 2 in the afternoon.

As for weather additions. Well they might have been worse, but with the advent of evening they improved a bit from the afternoon. But the optimistic let their memories slip back two years in the evening when they made the same journey to the old circus grounds to see the show.

And in looking back, a vision of much worse conditions. One that evening the wind did all day in the pouring rain and the night performance it had come so thoroughly soaked that it could no longer ward out the water. Yes, it could have been worse for a tent were they inside today.

The afternoon audience was large. It was an all-time record. Troops from lands far and wide, and delighted, there was plenty of comedy from the army of clowns. The John Rouse circus, now 100 years old, is truly an old fashioned circus, such as everyone loves to see, but it has added all the new and new features which are the Peter Pan of the animal world. A gorgeous spectacle of direct from the heart of Scotland, and bringing in the most famous of the Peter Pan of the animal world. A gorgeous spectacle of direct from the heart of Scotland, and bringing in the most famous of the Peter Pan of the animal world.

Mr. and Mrs. Edwin Staggall, Miss Verna, Erie, Miss Harold Bowman, motorcade home in Cleveland, Ohio, to spend a couple of weeks with their parents Mr. and Mrs. Stacy Bowman of Bloomington.

COMMANDER OWSLEY PLEADS FOR UNION

Cincinnati, July 9.—Declaring that there is no room for intolerance in the United States, Alvin Owsley, national commander of the American Legion, made a strong plea for American unity, regardless of nationality or religious beliefs in an address delivered recently at the cornerstones laying of the St. Vincent de Paul church in Cincinnati, of which Father William P. O'Connor, legion national chaplain is pastor.

"America is calling today as she has never called before for strong men and women to stand and preach the doctrine of America," Commander Owsley said. "There is no room in America for intolerance, no thought that should divide us, for we are living under the supreme law of United States, the constitution which gives the right to worship God according to the dictates of our conscience."

Owsley assailed radical tendencies prevailing in the nation in recent years and urged deportation of all persons who would seek to tear down the country's flag.

GOVERNOR SO BUSY VISITORS BARRED

Harrisburg, July 9.—Governor Pinchot today said that, because of the great amount of work confronting him in the reorganization of the state government, he will be unable to receive visitors except on Monday, Tuesday and Wednesday mornings for a number of weeks to come. The rest of the time will be reserved for unavoidable work, he explained.

Dr. Ellen C. Potter, secretary of the state, and Dr. Clyde L. King, secretary of the Commonwealth, were in conference with the Governor today regarding appropriations for hospitals, homes and other charitable institutions. A number of general bills remain for action by the Governor as well as the several hundred charitable institutional bills.

The Governor said today he expects to effect the reorganization of the commission to make the giant power survey this week. The commission was provided for by an act of the recent legislature for the purpose of making a general survey of power development possibilities in the state.

LT. MAUGHAN FAILS TO REACH HIS GOAL

St. Joseph, Mo., July 9.—Lieutenant E. L. Maughan, attempting a coast-to-coast daylight flight, was forced down at 12:08 p. m. (Central time), 10 miles northeast of here today when the engine "went dead." The aviator was uninjured, but his plane was so badly damaged that Maughan said he would be unable to continue his flight. Maughan said he would make another start from New York in a week or 10 days.

The aviator covered approximately 1,190 miles of his proposed 2,640-mile flight. Although Lieutenant Maughan was forced to land on a farm at 12:08 p. m., it was more than an hour before his mechanics at Rosecrans Municipal Field learned of his trouble and hurried to his assistance in motor cars.

Motor trouble which made its appearance when he was within a five-minute spin of the St. Joseph airfield, caused him to light, Maughan said. The motor had been running in fine order when he saw St. Joseph in the distance. About the time he could the municipal field the engine went wrong and he was forced to pick a pasture to alight. In striking the ground the landing gear was crushed making further flight impossible.

BROKER EXPELLED FROM EXCHANGE

New York, July 10.—Harvey A. Willis of Willis & Company, No. 32 Broadway, has been expelled from the Consolidated Stock Exchange, it was announced today.

LATE FOREST FIRE ON MOSQUITO CREEK

State Forester W. F. Dague was notified last evening of a serious forest fire which broke out yesterday in the Mosquito Creek county, and, despite the lateness of the season was causing a lot of destruction.

This is the first time a forest fire has occurred in July in Clearfield county in the history of the Forestry Department. This is due to the drought as the woods, despite the fact that the trees are in full leaf are as dry and tinderlike as is generally the case early in May.

A fire out near the Kennedy Park game reserve a week or ten days ago burned over more than an acre of ground before being headed off by Forester Dague and his crew. This fire was caused by a cigarette, the burned butt being found where it had been thrown by a smoker, the trail of fire leading from this butt.

Forester Dague and several men went to Mosquito Creek last evening to fight the fire.

"OMAE, THE TENTMAKER" WEDNESDAY AND THURSDAY

The attraction which Manager Driggs has coming to the Driggs theatre for a two-day showing starting tomorrow is one of the best turns that has been shown on the silver-sheet of this popular theatre for a long time.

Guy Bates Post (you remember him in his wonderful characterization of two men in "The Masquerader") is the star in "Omae the Tentmaker" and from a histrionic standpoint outtrivals anything of the nature that has ever been filmed.

The realistic scenes of desert life, the romance, woven thru the picture, the superb acting of Post make it a picture that will remain in your memory for a long time.

LEGION BAND NOTICE

The rehearsal for tonight is postponed until Thursday night. Be sure to be there as business of importance is to be transacted.

SOME MEN BY THEIR OWN EFFORTS ACCOMPLISHED MUCH; OTHERS HAVE GREAT THINGS THRUST UPON THEM

Some men achieve greatness by forging to the front and accomplishing or acquiring much themselves, while others have a lot of things thrust upon them. Dominick Natale, a resident of DuBois until July 12th, but not later by judicial decree, is one of the latter fortunate or unfortunate mortals.

Some time ago Mrs. Mary Serian and her husband were found moonshining and bootlegging to the trade in DuBois and when their place was raided friend husband managed to escape and kept on running or swimming until he got to Italy, where he could go no farther on foot and cashed in his check for money. Mrs. Serian, who was accompanied by six children running on steps from 12 years down and being unable to escape, was trundled over to court.

The woman entered a plea of guilty and was sentenced to pay \$100 fine and serve 60 days in jail with the proviso that if she got out of Clearfield county and stayed out the jail sentence would be credited to her account, otherwise she would have to serve her time. She left the county forthwith, but a couple of weeks ago, accompanied by Dominick and her flock, the woman returned to the DuBois section. An Argus-eyed minion of the law sought the woman out and again haled her before Judge Bell, who promptly sent her "down the river" while Dominick trailed back to DuBois with the woman's brood in single file in his wake.

That was more than two weeks ago. Monday Dominick and the six "kids" came to Clearfield and marched into court to confront Judge Bell on the bench. Dominick said he was unable to look after the children without their mother's help and asked that she be released.

Judge Bell and District Attorney Arnold quizzed Dominick about his relations with the woman. He claimed to have married her but the court was a little dubious about that statement and demanded to see the papers confirming the marriage story. Dominick was unable to produce, whereupon the Judge informed him that he

HUSBAND KILLING IS GETTING TO BE DANGEROUS STUNT

New York and Chicago Women Sentenced to Death for the Slaying of Their Mates.

FIRST IN CHICAGO

Two women facing death by legal execution today, one, stoical, indifferent, joking with relatives, the other kept in ignorance of her fate.

Mrs. Anna Buzzi, sentenced in New York to the electric chair for the murder of Frederick Schenkler, her common-law husband, paces her cell in Auburn prison indifferent to the judge's sentence. Her attorneys will file an appeal and then attempt to have Governor Smith commute the death sentence.

In her cell in Chicago, found guilty of the murder of her former husband, Mrs. Sabila Nitti Crudele was doomed to the hangman's noose without being aware of her fate. She screams hysterically at times and jail attendants fear she will collapse if told the truth.

Chicago, July 10.—Mrs. Sabila Nitti Crudele, the first white woman to be sentenced to death in Chicago, collapsed today when informed of the sentence. Mrs. Nitti Crudele and her husband, Frank, were found guilty yesterday of the "hammer murder" of the woman's first husband and both were sentenced to hang.

The woman, an Italian, heard the verdict read without understanding it. Authorities said she would collapse if told of the verdict and she was placed back in her cell to speculate on her fate. Mrs. Nitti Crudele became hysterical and fell to the floor when Eugene Mason, her attorney, informed her through interpreters of the verdict. She was carried semiconscious to the Cook county hospital.

MORRISDALE SCHOOL LETTING POSTPONED

The School Board of Morris town ship, Clearfield county met Friday evening, July 6, to open bids for the construction of the proposed 10 room school building. There was some disappointment at the fact that only 2 bids were received on the general construction, some bidders claiming that they had not time enough. Under the circumstances the Board felt that the best interest of the district would be served by rejecting all bids and directing the Architect A. W. Rudolph of Altoona, to ask for more bids to be submitted no later than 6:00 p. m. July 20th, advertisement for this appears elsewhere in this issue.

FRENCH GIRL KILLS TITLED HUSBAND

London, July 10.—Heavily bejeweled, dressed in the height of Paris fashion, a green mushroom shaped hat shading fascinating violet eyes in which there were tears, Princess Marie Marguerite Fahmy, a French girl was formally charged at Bow Street today with murdering her husband, an Egyptian nobleman.

The Princess, Aly Kamel Fahmy Bey prominent in London society was found clad in night attire on the floor of his bed room in a suite at the Savoy Hotel early today. Blood was pouring from half a dozen revolver wounds. He died in Charing Cross Hospital.

Shortly after discovery of the body Scotland Yard detectives took into custody the attractive French bride, which Aly had brought with him to London. Also in the room were a secretary and a maid who were questioned.

After giving her version of the affair the Princess was permitted to return to the Savoy. Later a stunning figure in her Paris clothes, she stood proudly at the dock while a magistrate bound her over on a charge of murder.

Try Progress "Want Ads"

OPERATORS AGREE TO TWO DEMANDS OF HARD COAL MEN

The Sub-Committees at Atlantic City Getting Together on Remaining 9 Points at Issue.

DECIDE IN 30 DAYS

Atlantic City, N. J., July 10.—The bi-partisan sub-committee, composed of four representatives of the anthracite coal miners and four operators resumed negotiations here today, following adjournment of the joint wage scale conference.

The operators have ceded two of the 11 demands of the miners and assured open-mindedness on the other nine. One was the abolition of the 12-hour day, which involves 3,000 miners and willingness that the Anthracite Board of Conciliation make a decision within 30 days. The bi-partisan sub-committee will negotiate the remaining issues.

TOWN BOOSTER CLUB BOOSTS WOODLAND

The Woodland Booster or Commercial Club held its regular meeting at the Woodland Hotel last evening, 20 of 22 members of the club being present to enjoy the appetizing dinner.

Much business of interest and importance to Woodland was discussed and disposed of and an address of real pep and good advice was delivered by Randall Brubaker secretary of the Clearfield Commercial Club, the club guest.

A committee was appointed to look into the matter of applying street lights along the state road through the town. This committee will report at the next meeting of the club.

BRITAIN WILL ACT FOR HERSELF ALONE ON REPARATIONS

London, July 10.—Independence of action in settling the reparations question has been decided upon by the British cabinet and Premier Stanley Baldwin will announce this in the House of Commons, it was learned today.

This means that the present dubious ties binding Britain to joint action with France and Belgium in collecting Germany's war obligations are to be definitely severed. Disapproving of her allies determination to push on in the occupied areas, this country will adopt means of its own for negotiation with the Cuno Government, if France and Belgium persists in coercive measures.

FAKE OIL STOCK SALESMEN HELD

Cleveland, Ohio, July 10.—Twenty-six oil promoters of Fort Worth, Tex., were indicted by the federal grand jury in session here today for using the mail to defraud Ohio investors heading the list of defendants in Dr. Frederick Cook, Arctic explorer. With him were indicted 23 other persons who helped to promote the petroleum producers of Fort Worth.

KARTHAUS TYPHOID EPIDEMIC WANING CLAIM OF DOCTORS

Eighteen Patients Are Down with Disease but All Are Reported to be Convalescing.

ONE DEATH SO FAR

The typhoid fever epidemic which struck the little town of Karthaus is now in charge of the state authorities, who have three nurses from Altoona on the ground to look after the 18 patients who are down with the disease.

Miss Withrow, local Red Cross nurse, who went to Karthaus on receipt of news of the outbreak, and who had been constantly on the job for the past couple of weeks, was able to relinquish her exacting duties and come home when the Altoona nurses arrived a couple of days ago.

The source of the disease, as reported by a Karthaus citizen today, was found to be in the well of a family several members of which were down with the disease and which family had been supplying milk to the community.

One death has resulted so far, Mrs. John Reese having passed away, leaving three children alone in the world, their father having been dead for some time. All three children are also down with the fever.

ROBINSON'S SHOW HOST TO HOME KIDS

The kiddies at the Children's Home, out to see everything of interest about the John Robinson circus today, not as the guests of local business men but as the special wards of Sam Dill, the genial and accommodating agent of the show, who, when requested for reservations for the kids and their sponsors, wouldn't take a cent for their admission, but very generously, on behalf of the show set aside sufficient seats to accommodate them.

Mr. Dill said they had the biggest best and cleanest show on the road and one that no parent should fear to take his children to and they would be pleased to accommodate the kiddies from the home. The hearty thanks of "Pop" Wilson and his committee of business men were given Mr. Dill and the show management.

The sponsors for the kiddies and those who saw that they got to the show and home again were "Pop" Wilson, J. L. McMillin, of the Market Street Auto Sales Co., Horace Fiegely, Robert Derrick, of Derrick Bros., Manager McGarvey of The Dimeling and Dr. J. Paul Frantz.

DOCK WORKERS MAY MAKE TROUBLE AGAIN

London, July 10.—The strike of dock workers at the most important English ports, which has been in progress for some weeks, has now believed near its end, spread menacingly today.

Reports from Manchester state that 5,400 workers walked out and that 50 vessels are delayed because of the strike. Members of the strikers committee have declared that 100,000 men in all the larger ports, including Liverpool and South Hampton are affected.

ELOPERS IN UPSET WHILE HURRYING AWAY TO GET TIED UP

New Florence Girl and Blairsville Man Are Married in Hospital at Punxsy After Wreck.

BRIDE BADLY HURT

Punxsy, Pa., July 9.—When a man marries his troubles begin, says the old song, but John Kinnear, Blairsville, Indiana, county, says man, can go the "old saw" any day because he and his wife, bride-to-be, Miss Elizabeth Crossland, of New Florence, Pa., ran into a pack of trouble while fleeing from hard-hearted parents intent on having the ceremony performed which was destined to cause their two hearts to beat as one and in step to the marital man and requirements.

The Indiana county young Lashinvar up-to-date, in his Studebaker car, realizing that the early bird generally catcheth the worm, had himself to the home of his loved one bright and early Monday morning and, eluding the watchful eye of a fond mother and the No. 9 boot of an irate papa, got his willing bride-to-be into his car and stepping on the gas set out on that long, long trail swimming which landed them both in the Punxsy hospital, where a kindly summoned and obliging justice of the peace operated to make their union, after a surgeon had released them following a serious accident which told them while spending alone, highly oblivious to everything and everybody in the world but their two selves. One of those little troubles which come times crop up along the matrimonial highway suddenly appeared in the shape of a Henry Ford and Miss Crossland is in the Punxsy hospital with broken hip and a bad cut over the left eye, received when Kinnear, attempting to pass the Ford, driven by Earl Peffer, on a curve on the Indiana hill, crashed into a Durant driven by Arthur Sundstrom, of Horatio, about 8 o'clock this morning. The condition of the girl is serious but not critical.

The Kinnear car, containing Mrs. William Isenberg, of near Marchand, Miss Elizabeth Crossland, of New Florence, with Kinnear driving, was coming down the Indiana hill at a rate of speed estimated by the driver to be about 25 miles an hour. Earl Peffer, of near Valier, driving a Ford, was ahead of him driving slowly. Mr. Kinnear wanted to pass and started to pull ahead of the Peffer car. Just as he got abreast of the Ford the Peffer car came up the hill and the front left wheel of each car crashed into The Studebaker apart, pinning Miss Crossland beneath the body of the machine and throwing the other car into the road. Neither of them was hurt. The Durant was forced through the fence on the right hand side of the road going up. The driver, Arthur Sundstrom, alone in the car, escaped injury.

Both cars were badly damaged, the front wheels, fenders and head ends being badly dented. Following the accident Mr. Kinnear and Miss Crossland were united in a marriage in the Punxsy hospital this morning (by Justice C. C. Rowan). The fact that the young couple were running away to get married was withheld away to get married. They were enroute to Erieville to have the ceremony performed, but the accident spoiled their program.

ODDS AND ENDS AND THINGS

By J. D. C.

Just think of it. There is left in Government bonded warehouses under Uncle Sam's watchful eye 136,000,000 gallons of whiskey. Kentucky possesses 80,000,000 gallons of this total.

James Martin Miller, newspaper man and author, addressed the School of Journalism of the University of Michigan the other day and gave some interesting statistics in regard to newspapers.

There are some readers who enjoy once in a while a bunch of statistics. There is always something fascinating about facts if they are not too dry and if there are not too many of them.

Among the facts, as stated by Mr. Miller, one is that there are about as many daily, weekly and monthly newspapers and periodicals in the United States as in all the other countries in the world.

The United States, however, has only about one-sixteenth of the population of the world. There are 23,040 such publications.

There are more evening dailies (1,377) than morning papers (578). The total circulation of evening newspapers is 20,000,000, of morning papers 18,000,000 per day in round numbers.

Of Sunday newspapers there are 19,000,000 each Sunday.

Fifteen hundred newspapers and periodicals are printed in about fifty-four languages, including Arabic and Yiddish.

Further foreign language statistics are these: Seventy-six newspapers published in Polish, seven in Russian, one hundred and fifty in Rumanian, forty-three in Yiddish, seventeen in Chinese, twenty-eight in Japanese.

Some of our big cities have as many dailies printed in foreign languages as they have newspapers published in English. A few large cities have more. This condition is peculiar to the United States. It is approximately true that there is no foreign language daily in the Kingdom of Great Britain or in the Continental countries of Europe or in Australia or New Zealand. This is not true of Canada.

It has been held that, where there is no reading class there is no such thing as public opinion. To a certain extent this must be true. While reading of newspapers are sometimes accused of taking their opinions second hand, it is certain that those who cannot or do not read the paper have ideas that are vastly more second hand.

The newspaper is easily the most considerable agency in forming the public mind. More people read it than read any other kind of literature.

The newspaper is automatically forced to be democratic, because no newspaper can keep on a paying basis very long without proper circulation.

A trade paper or any publication that appeals to one peculiar class may continue to thrive without a long partance, but the interest of all classes, high and low, rich and poor, is absolutely essential to a newspaper.

And as there are always so many more poor than there are rich, the general tendency of newspapers is to champion the cause of the common people. That it may do this mistakenly is admitted, but it usually does it the best it knows how, and does it consistently. It is all the more sure to do this because it is not so much a matter that depends on high moral principle as it is a matter of keeping alive.

The last word is always said by the masses. And for this reason the newspapers which, above all other

HEARD ALONG THE BANKS OF THE MOSHANNON

Miss Helen Hoover of Morrisdale and Paul Malloy, of Hawk Run, were united in holy wedlock at 7:30 o'clock, Monday morning at St. Agnes Catholic church, Morrisdale. Rev. Father E. J. Fischer, the rector, in charge. Only the immediate relatives and friends were in attendance. The bride, attired in a lovely dress of white tulle and lace, with hat to match, was attended by Miss Anna Malloy, sister of the groom, while Harvey Hoover, brother of the bride acted as best man. Following the happy nuptial event the wedding party proceeded to the home of the bride's parents and to the home of the groom's parents. Mr. and Mrs. John Hoover, a short distance from Morrisdale, where the wedding breakfast was served. Prior to the departure of the couple on a wedding trip on the afternoon train a bountiful repast was served the couple with about thirty invited guests. Miss Hoover for some time had been employed in Clearfield and Bigler and is well known throughout both places as well as in her home town. For a time the groom followed his trade as electrician in Altoona where the couple will make their future home. Mr. Malloy is a son of Mrs. Catherine and the late John Malloy. Both are highly respected young people in their respective communities.

Fire, thought to have been caused by spontaneous combustion totally destroyed the big barn of the Joseph Carroll family near the N. Y. C. station, Morrisdale, Monday afternoon.

A cow and four hogs perished, and a wagon, grain, hay, and other things usually found in a good sized stable were destroyed. A new Durant car, only recently purchased by the Carroll family, also went up in flames.

Mrs. L. Luberoff, of Philadelphia, a former resident of Phillipsburg and who was visiting home folks here, was summoned to the Quaker City, due to the death of her father-in-law S. Luberoff, which occurred Sunday. Mrs. Luberoff was formerly Miss Bertha Adelman.

Miss Dorothy May Snyder of Point Lookout, near Phillipsburg, and Harvey Sawtell, of Phillipsburg, were wedded at Clearfield on Saturday by Squire F. G. Charpenning. On Sunday they departed on an eastern trip and at the conclusion of the same will take up their residence at Pittsburgh. They were attended at the wedding by the bride's mother, Mrs. Fannie Spicer, who on Saturday afternoon served a sumptuous dinner in their honor. Both are well known in this section.

Fifty-three Boy Scouts of the many troops in Phillipsburg left Monday morning for Camp Phillips, near Shawville, below Clearfield, where they will enjoy a couple of weeks of life in the wilds. Scout Executive A. Norris Greenfield is in charge.

Robert P. Armstrong arrived home yesterday from Williamsport, where he spent the Fourth with friends.

agencies, reach the masses are the chief essential to democracy.

The final success of a newspaper relies in its printing of the news, because this is what the people want. To have a reputation for a full presentation of the news is better for a newspaper than to have strong opinions.

People want to know what is going on much more than they want to be propagandized.

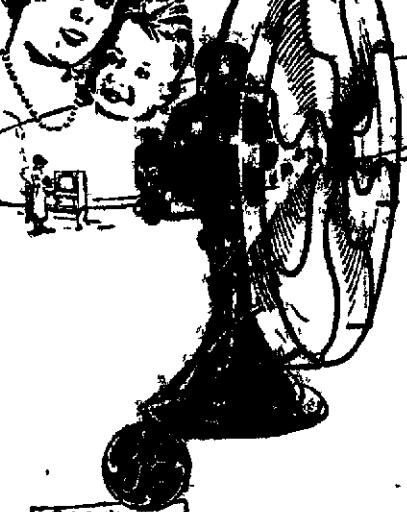

TWILIGHT LEAGUE SEASON TO OPEN

The Twilight League baseball season will open Thursday evening with a game between Reedsdale and Hilldale on the Reedsdale diamond.

Manager Teats has everything in shape for a real opening ceremony and looks forward to a most satisfactory season.

Thought for the Day.
If some people cannot get what they want they make it most uncomfortable for the person who does get it.

LYTLE BROS

STORES AT:
LEWISTOWN, PA. CLEARFIELD, PA.

Save the Sahara Reclaimed.
Some day the world will get out of the Sahara all the good it has to offer. Among the desert sands near Biskra, last year, the French laid over eight hundred wells giving life and fruitage to 1,500,000 date palms. There is a chance for immense development of the date industry all along the northern edge of the desert south of Morocco, Algeria and Tunisia. Frank R. Cana, a conservative and authoritative writer, says that in time probably a tenth of the Sahara will be reclaimed for human usefulness.

ITALIAN BAND CONCERT

The Clearfield Italian Citizens Band will give a concert at the Court House corner on Thursday evening next. Program for same will appear later.

Feeding of Baby Birds.

According to E. W. McCrae, a young farmer-naturalist of Lake Johnson, Saskatchewan, Canada, birds in the nesting season feed their young 270 times, daily, involving approximately 400 insects.

The Wise Owl Says:

It may be a few steps over here after the circus tonight but you will find something to eat well worth your while to come and get.

EX-SERVICE MAN IS FINALLY LOCATED

Punxsutawney, July 9.—A myster- ous disappearance, one that is baf- fling the police officers of this vicinity took place Sunday morning when Paul Bartholomew, who resides at Bowersville, known as the Winslow settlement, disappeared without leav- ing any traces as to his whereabouts. Mr. Bartholomew, who is an ex-ser- vice man is married and is well known in that section.

At 7 o'clock Saturday evening he left his home to milk and at a late hour last evening no word had been learned of his whereabouts. His wife and others are deeply concerned over his sudden disappearance and inas- much as he was dressed only in his working clothes and was near the main roads, his untimely disappear- ance cannot be explained.

Punxsutawney, July 1.—The rather baffling disappearance of Paul Bar- tholomew, a well known resident of Bowersville, was cleared up last eve- ning when at 8:30 o'clock he was found sitting on the porch of Fred Kelley, near Winslow, in a demented condition. The man was in a serious condition as a result of his wandering in the woods and it was doubtful last evening as to whether or not he would recover.

Mr. Bartholomew left early Sunday morning to milk, and from that time until last evening no definite word had been learned as to his where- abouts. At the time of his disappear- ance he was dressed only in his work- ing clothes.

Hundreds of searchers spent the past two days beating about the coun- try side endeavoring to find some trace of the man, but without result. Several parties reported earlier in the day that they had seen a man wan- dering about in the woods, apparently in a dazed condition, but that he had run away each time they called to him. It was not until last evening that he was finally located at the home of his father-in-law, a man by the name of Kelley, residing about a mile from Winslow. The distance from the Kelley home to the Bathol- omew home is one and a half miles. When found, the man was sitting on the porch in a demented condition, and was unable to give any account of his disappearance.

He was taken into the house and medical assistance summoned at once. It was found on examination that his glass eye had been broken, causing several pieces of broken glass to pierce inwardly. Recovering from the blow of some forceful impact, it is be- lieved that the man's mind was affect- ed to such an extent that he lost com- plete control of his faculties. It is stated that he has suffered from a weak heart for some time, so that slight hopes are entertained for his recovery.

SEARCH FOR LT. NULL CONTINUES TODAY

Port Stanley, Ont., July 10.—Search for Lieutenant Null, missing from the ill-fated naval balloon, was continued today following sighting of the body of Lieutenant Roth 14 miles off Port Stanley in Lake Erie yester- day.

Airplanes and all manner of water craft took up the search with the hope of finding the missing airman still alive. As long as Lieutenant Null is missing there is a chance that he may be alive.

FIND ANOTHER BODY AT M'KEESPORT FIRE

McKeesport, Pa., July 10.—Lying on a bed, which, it is supposed, fell from an upper floor of the collapsing Schmidt hotel, destroyed by fire last Thursday morning, the charred body of a man was found deep in the debris of the basement of the wa- tering building today. The finding of this body brings the total of deaths due to the fire up to five.

At Pittsburgh, in said District, on the 10th day of August, 1923, at 10 o'clock in the forenoon to show cause, if any they have, why the prayer of the said petitioner should not be granted.

DEMOCRATIC STORM BREWING

Elections for Democratic National Delegates and Democratic State Committeemen next April will be another series in the apparently endless struggle for control of the Pennsylvania Democracy because the plans of the Guffey-Sterling group to take control of the State organization back into their own hands after the disastrous experiment with John A. McSparran will be bucked by the Palmer-McCormick element in an effort to stage a come-back.

In other words it looks as though the Keystone State Democracy was in for one of its quadrennial fights. It is just a dozen years since Palmer and his pals got control of the machine which lasted until the San Francisco convention turned down Palmer and he and Guffey fell out. The inside story of what caused the row between these two Democratic sachems should make interesting reading some day. It has been marked by a bitterness as intense as the friendship used to be close. And it will figure in all probability in the battle of 1924.

The Guffey-Sterling group has been busy all over the state and is said to have considerable strength in Philadelphia and in the coal regions. It is also said to control a majority of the State Committee and a re-organization such as marked 1911 may occur if there is any misuse of the state headquarters. Palmer and McCormick are said to be banking on the old Wilson support and will use the McAdoo candidacy as the vehicle to get back into power.—Altoona Tribune.

THURSDAY FIRST DAY TO CIRCULATE PETITIONS

The first day for circulating nominating petitions for Pennsylvania's primary election is Thursday, July 12th. Under the law these nominating petitions for all the offices to be filled are provided by the County Commissioners of each county and the Commissioners are not allowed to give out any such blank petitions before July 12th, nor can any signature be legally placed upon a nominating petition before that date.

One hundred names are required to place the name of any candidate upon the ballot for county office, while but ten names are required for a borough or township office. The signers must be qualified electors of the party to which the candidate belongs or owes allegiance.

The signing of a nominating petition is merely a matter of form and places no obligation upon the signer to vote for the candidate whose petition he may have signed.

It has been the custom with some county candidates in the past to circulate several petitions and by this means get many more than the one hundred names required before the name of the candidate could be placed upon the ballot. This is love's labor lost, and has no bearing on the matter whatever, as these petitions are filed away in the office of the County Commissioner and never come into public view, unless, perchance, some interested party wishes to look them over and goes to the Commissioner's office and requests to see them.

There is a President Judge, County Controller, three County Commissioners, Register and Recorder and Prothonotary to nominate and elect in Clearfield County this year.

SAVE MILES OF STEPS

by paying your bills by check. You'll never be in doubt then regarding the amounts or the purpose of any payment, for the stubs of your check book will be an accurate record of every transaction. Furthermore, the canceled checks will give you a positive receipt for every disbursement, because each check must be endorsed on the back before we pay out the money. You'll find a checking account with this bank a great convenience.

CLEARFIELD TRUST CO.

BARNYARD GOLFERS BUSY LAST NIGHT

The two horseshoe games pitched last night on the 1st End court at Daisy and 12th streets were as well attended and as well worth it as any this season. The boys, Stiffler of East End and Johnson of Grapian, led off with the following scores:

	Points	Fingers	Doubles
Stiffler	21	6	2
Johnson	2	2	
Stiffler	15½	7	0
Johnson	21	4	2
Stiffler	17	1	2
Johnson	21	5	0

Boyd Smith and Lloyd Johnson then opened up the last three games of their series. Mr. Johnson being in excellent form and Mr. Smith not so good, as the following score indicates:

	Points	Fingers	Doubles
Johnson	50	15	3
Smith	22	7	1
Johnson	50	8	
Smith	19	8	1
Johnson	50	12	5
Smith	23	5	0

Tonight, Tuesday, at the same hour and place, the West Side represented by Withrow and Hixon are expected to pitch their same opponents of Friday, Condit and Pender of East End. Five more men of the 150 spectators were signed up for the doubles league of the local club. First and Second wards had better get into the game and see if they cannot draw some of the crowd.

Playground horseshoes are coming in for their share of attention for some of the future champions are certainly being lined up. Of the two games scheduled yesterday only two came off. The Witmer Park pair, betting a tournament score of 2-0 for non-appearance. Redsville was ready for them and if they wish to play it for credit out of schedule the date may be made. Lee Confer and Edwin Flegel of East End out-pitched Henderson.

Broadbeck and Norman Fekley of West Side with the following score:

East End	21	21	15	20	21
West Side	5	19	21	2	18

HAD HIS HAND BURNED

George Vincent, a 12-year old lad who makes his home with his grand mother, Mrs. Sarah Arday on West Side, lighted a firecracker he found in the Park last evening and had ends of the hinges of one hand partially burned from the explosion. Dr. Pipe was called and attended to the injury.

Sense of Humor

A sense of humor is a very fine thing. It hits one over the rough places as it were, with a leap and a bound, and lands one in safety on the farther bank of the swollen and threatening stream. You keep young if you possess it, the wrinkle in your eye is a sign that old age is far from you yet, whatever your years may be. All the same, a sense of humor is a gift which must be displayed with discretion. The trouble is that with most of us it stops working when we need it most—that is when things go wrong with our own affairs. The man who can smile when things go wrong is a happy man.

GOVERNOR PINCHOT IS BEING CENSURED

Harrisburg, July 10.—Another crisis in the administration confronts Governor Pinchot today. The forced retirement of James Sanders, for a number of years director of the Bureau of Plant Industry in the State Department of Agriculture has precipitated a storm of protest around the Governor's head.

Many friends of the Governor have protested against Sanders' dismissal which came without a chance of a hearing.

Sanders, however, was to have his session with the Governor today. They are old friends. Sanders and he having been in Washington together during the Roosevelt administration.

Progress Editorial For Women

A NEW POPULARITY CONTEST
By FLORENCE DAVIES

Have you decided upon the ten most popular girls in the United States?

You won't need a voting contest or a popularity prize. It won't take as long to pick them out as the National League of Women Voters spent in trying to decide the twelve most famous American women.

You may not even know their names, but you won't question the vote.

Without any doubt, the ten most popular girls in the United States are ten young women who arrived from Germany the other day looking for jobs in general housework at \$40 a month, one evening a week off, no objection to washing, ironing or children, guaranteed never to break more than two dishes a year, all good looks and faith on dirt.

Such, at least, was the report that went out when these ten young women landed on this side of the Atlantic looking for jobs.

Now any one who has any doubt as to the ten most popular girls in this country may raise the right hand.

And behold there isn't a hand in sight. That's an odd commentary, by the way, on present day life. In this day of many labor-saving devices how can we explain why every day housework should have become so great a burden to the modern woman?

One wonders what our grandmothers would have thought of a

state of affairs which finds the landing of ten girls willing to do housework, worthy of a half column article in many of the leading papers of the country.

Many of our grandmothers carried water from the pump, cooked with wood or coal stoves, and even though they had paid helpers, took twenty steps in the household to our one.

And yet the modern woman finds work too arduous if it is done in the pursuit of some profession.

She is willing to boil and bake and stew, for that is about what it amounts to, in a laboratory; to sit all day at a desk adding columns of figures, to tell the fat lady that the dress with the stripes running round isn't becoming; but the work of her own household has become a burden.

Isn't it possible that we aren't thinking just straight in this matter?

Washing dishes isn't really so much harder than handling dusty files in a dusty library. But we seem to have developed a kind of phobia, a deep-seated fear, of straight physical work.

When the arrival of ten girls ready to do housework could cause such exclamations of joy in the public press, doesn't it seem as if we women have been showing just a little weakness in manning our own ships? Ought we not to be just a little ashamed that housework made easy by modern methods should frighten us quite so badly.

COURT NOTES

Frank Carless, the Atlantic moon-kicker, who was granted a parole yesterday by Judge Bell, must remain in jail until July 19th, as but half of his eight months sentence was lapped off.

Application was made by Attorney Gleason, for a parole for Joe Vittarella, the Sandy township man who drew down a \$200 fine and four months in jail on his plea of guilty to violating the liquor law. The application for parole made shortly after the sentence was imposed states that Vittarella suffers from chronic rheumatism and sciatic rheumatism and therefore should not be confined to jail. No action has been taken by Judge Bell on the application for parole.

WOMEN OF MIDDLE AGE

Relieved of Nervousness and Other Distressing Affections by Lydia E. Pinkham's Vegetable Compound

Brooklyn, N. Y.—"I first took Lydia E. Pinkham's Vegetable Compound ten years ago, and it has given me quiet nerves so that I sleep at night, and a better appetite. I have recommended it already to all my friends and relatives."—Mrs. E. J. Engstrom, 311 Palmto St., Ridgewood, Brooklyn, N. Y.

For the woman suffering from nervous troubles causing sleeplessness, headache, hysteria, "the blues," Lydia E. Pinkham's Vegetable Compound will find a splendid medicine. For the woman of middle age who is pained through the trials of that period, it is as dependable upon to relieve the trouble common at that time.

Remember, the Vegetable Compound has a record of nearly fifty years of service and thousands of women praise its merits, as does Mrs. Engstrom.

You should give it a fair trial now.

Political Announcements

The Progress is authorized to announce the following names of candidates for public office subject to the decision of the voters at the Election to be called for September 18th 1923.

Curwensville's Own Column

Curwensville people want to bear in mind that Sunday school Field Day is coming on apace, and that it is going to be one of the greatest and most pleasing events that the town has ever witnessed. A large number of out of town folks will be here, and it is the duty of this community to see to it that all are heartily welcomed. The several committees who have been laboring hard for several months back to make this Field Day in Clearfield county Sunday schools an epoch have concluded, have concluded all arrangements in their different departments, and they have done well. Do not forget the date, Thursday, July 19th at the Park.

Orrie Brennetti had the misfortune to fall on Sunday and suffer the dislocation of the thumb on the right hand, which is going to give him some sleepless nights for a week or two.

Miss Winters is a guest in the home of Leonard Kephart on McNaul street.

Miss Ruth Graham, one of the efficient clerks at Crescent brick plant, spent Sunday with home folks in Clearfield.

Mrs. F. P. Bloom has been visiting with her daughter Mrs. Russell Underwood in Adams county for several weeks. Saturday Kelly Bloom, accompanied by Mrs. George Sawtelle, left via auto for that section, and will return some day this week, bringing Mrs. Bloom home with them.

Mrs. Charles Sawtelle, whose home is in Pottsville, is a Curwensville visitor this week.

Mrs. Richard Hanson, of DuBois, was a guest of her mother, Mrs. W. D. Gates South Filbert street, several days this week.

Miss Marjorie Murray, who is a student at the Lock Haven Normal came home Saturday for a Sunday visit with her parents, Mr. and Mrs. John Murray, Ridge avenue.

Ground has been broken for the erection of eight double houses on land owned by the Summit tannery.

people on east side of South Filbert street. When the buildings are completed and ready for occupancy, employees of that plant will occupy them.

Mrs. Sarah Ammerman, South street, visited with her two sons Alonzo and Harry Ammerman, at Philipsburg over Sabbath.

James Hoover, a miner employed in the Porter mines below town, had his face and right fore arm severely burned with carbide last Friday. He was taking the stuff from one can to fill another when it caught fire, with the above result.

The Boys Marine band is preparing a concert program which will be rendered on Labor Day.

Mr. and Mrs. Andy Anderson and Miss Mary Cole motored from their South Side homes to Patton Sunday, where the day was spent in the home of Mr. Anderson's parents.

Norman Lippett and sister of Detroit, Mich., are guests in the home of Mr. and Mrs. Isaac Kantat, on North Thompson street.

A Progress reader asked the writer yesterday what holidays and other important events occurred during the month of July. In order to satisfy his curiosity and add to his knowledge we will state that on July 1st, 1863, started the battle of Gettysburg; on the 2d, James A. Garfield was assassinated; the 4th is Independence Day; 12th, Orangemen's Day; 17th, 1864, Sherman's march to the sea; 18th, 1918, American successful counter attack at Chateau-Thierry; 21st, 1861, battle of Bull Run; 27th, 1915, wireless between Japan and the United States; 31st, 1777, Lafayette arrived from France.

The Curwensville-Grampian state highway contractors have started grading roadbed between Bridgeport and the borough line.

Dr. Myoth Hinkhouse of Peking, China, who has been in China at the Downs hospital, a part of the Union Medical College for Women, since 1915, will give an informal talk in the Presbyterian church, Wednesday, July 11th at 7:30 p. m.

Ward I. Miller, genial engineer with the Westinghouse Electrical and Manufacturing Company at Pittsburgh, is spending two weeks vacation with his parents on West Front street.

CLEARFIELD WINS FROM ADRIAN TEAM

The local American Legion team knocked the stuff out of the Adrian team in a long-winded ball game at the Park yesterday afternoon. Scorer Reilly's log book showing Clearfield 13 and Adrian 6 at the end of the hectic session.

The Adrian team were behind the schedule waiting here and never were able to catch up with the procession. The game was scheduled for 3:30 but the visitors failed to arrive here until 4 o'clock, which made the game too late for a lot of the fans and the attendance was not up to standard.

Guy Cowdick did the twirling for the locals and held the visitors to scattered hits, only one of their six runs being earned.

Lansberry led the team with the stick with a triple and two singles, Cowdick also cracked out two singles, while Catcher Shaulis came across with a homer.

A. B. Sterling, assistant supervisor of transfers and schedules of the Westinghouse Electric and Manufacturing company's educational department, is spending some time with his friend, Ward I. Miller at his home on West Front street.

RECRUITING FOR MARINES AT DUBOIS

Sergeant John D. Straw, U. S. Marine Corps, attached to the recruiting station at Pittsburgh, Pa., has established a test station on the federal post office site on North Brady street, DuBois, Pa., as a recruiting station.

The Marine Corps is one of the most attractive branches of the military service, and the Marines go everywhere, see everything, and do everything.

Sgt. Straw is a resident of this city and has been in the Marine Corps since February, 1912.

Sgt. Straw states that he has opening as bandman, and in the aviation, etc.

Any young men of this city and vicinity who desire information concerning the Marines and desire to enlist, are requested to call or write to Sgt. Straw at DuBois, Pa.

Mrs. Clara A. Stevens, wife of Thomas H. Stevens, died at 8 o'clock Monday morning, July 9th, 1923, at her home in the Burchfield-Kragle apartments on Front street, Philipsburg, the result of paralysis.

The deceased had not been in good health for ten past two years, and about two months ago she suffered a stroke of paralysis. Her condition seemed to show improvement recently but another stroke yesterday morning caused almost instant death.

Mrs. Stevens was formerly Miss Clara A. Kline. She was a daughter of the late Martin and Rachel Kline who resided at Mt. Joy, Pa. Clearfield, where the deceased was born on September 24, 1860, making her age 62 years, 9 months and 15 days. Her marriage to Thomas Stevens took place on March 20, 1880. Prior to coming to Philipsburg two years ago and since her marriage, she resided at Woodland and Bigler.

Mr. Stevens was a member of Trinity M. E. church, Philipsburg and a devoted wife and mother, and a woman of many pleasing graces. Her death will be mourned by many friends.

Besides her husband, she leaves one son and two daughters, viz: Lloyd C.

Tom Sims SAYS---

Report that Dempsey-Gibbons might look their fight for a non-stop dancing contest is untrue.

Shelby has the fight bowl left, but she can't eat out of it.

A summer tourist stopped long enough to tell us our roads should be made wider and shorter.

Married ball players seldom argue with umpires. They have forgotten how to argue.

It's a wise hopplegger that knows his own booze.

Crisp in the cream~

Golden, crisp Post Toasties, with cold rich milk or cream, give zest and snap to the morning, noon or evening meal these hot midsummer days.

Their tasty "toasted" flavor and appetizing crispness are improved—not lost—when cream or milk is added.

Crisp in the package and crisp in the cream, these golden-brown flakes of choice

toasted corn are made to please appetite—and are always ready to eat.

From the first bowlful to the last serving out of the triple-sealed, wax-wrapped package, Post Toasties retain their delicate crispness and distinctive oven-freshness.

The Yellow and Red package is the guide to Post Toasties goodness.

Worth asking for by name—

WHEN GIFT TIME COMES
There are many, many times when the right thing to do is to give some little gift as a reminder of some important occasion. It may be the arrival into this world of a very young person, it may be the marking of the passing years of some mature person, it may be the anniversary of some real event in the lives of someone near and dear to you.
Remember this. You will always find something appropriate here for just such occasions and you will also find that they are priced in a way that makes the gift without financial embarrassment.
W. W. O'BKIEN

Join The White Progressive Club Tomorrow Without Fail
You May Be Too Late--Only A Limited Number of Machines Left To Go Out On This Plan.
YOU--
CAN BE DRESSED IN THE LATEST MODES--AT SMALL COST
MODERN SIMPLIFIED SEWING
This entire page would not be large enough to tell you of the many things that can be accomplished on the White Rotary Sewing Machine. This is particularly true as it is now possible to procure instructions how to make every article in ladies' and children's apparel as well as many household items and some articles for men.
SUITS
Suits can be made that give you the desired tailored look.
The WHITE will trim them with braid, neatly and accurately.
WAISTS
You can have three or four simple waists that you make yourself for the price you would pay for one "ready-made."
DRESSES
House dresses or party gowns from the most ordinary to the sheerest materials can be made on the White Machine.
CHILDREN'S CLOTHES
Children's clothes—little romper suits you can make in a "jiffy." Have the youngster's school dresses made over from good material of the grown-up's wardrobe.

NOTE THE VERY EASY PAYMENT SCHEDULE
